Today's market demands an architecture that can be scaled, agile, flexible and cloud-ready. Yunifire LLC aims to deliver needed assistance to all of our clients. Yunifire LLC has the ability to align business users with Information technologies (IT) and architecture that enables increased business agility, improved business workflow, extensible architecture, and a longer life span of applications that are shaped for client business.

We take pride in our database design and development capabilities. Our team of expert database consultants create products that are robust, reliable and perform at optimal performance, and provide solutions for our clients. Data conversion is another process that can help to manage, maintain, and utilize the information of an organization. Yunifire LLC understands the importance that every company takes with data conversion. Our clients can look forward to Yunifire's strategy for successful data conversion to save considerable amount of time and money. Our goal is to deliver the highest quality of service with reliable extensions to our clients with vigorous support that help further our client's business targets.

Yunifire LLC creates, supports, and manages dashboards that tell our client's story through data and highlights the Key Performance Indicators (KPIs) that matter most for the client and their business.

Managed hosting service benefits can vary for our clients, Yunifire LLC can help your organization work through questions to determine if managed hosting is the best fit for your workload or cloud journey. Founded in 2015, we created the managed hosting category to help business continue to reach intended business purpose without ever changing our unwavering commitment to customer support and great quality.

Yunifire LLC takes our capabilities to face challenges that help deliver client demands without sacrificing essential fundamental building blocks of quality. Our Managed Information Technology (IT) Services range from basic support to advanced security support.

CERTIFICATIONS	
Microsoft certified Solutions Developer	Microsoft Asp.net
Microsoft Azure	Microsoft Web Services

The principal of Yunifire is an MCSD (Microsoft Certified Solution Developer) who has passed exams that test his ability to design and develop custom business applications with Microsoft development tools, technologies, and platform.

Microsoft Azure is an ever-expanding set of cloud services to help your organization meet your business challenges. Yunifire uses it to build, manage, and deploy applications on a massive, global network using tools and frameworks.

Texas Historically Underutilized Business (HUB) Certificate

Certificate/VID Number: **1834596369000**
 File/Vendor Number: **525974**
 Approval Date: **07-DEC-2020**
 Scheduled Expiration Date: **07-DEC-2024**

The Texas Comptroller of Public Accounts (CPA), hereby certifies that

YUNIFIRE LLC

has successfully met the established requirements of the State of Texas Historically Underutilized Business (HUB) Program to be recognized as a HUB. This certificate printed 11-DEC-2020, supersedes any registration and certificate previously issued by the HUB Program. If there are any changes regarding the information (i.e., business structure, ownership, day-to-day management, operational control, business location) provided in the submission of the business' application for registration/certification as a HUB, you must immediately (within 30 days of such changes) notify the HUB Program in writing. The CPA reserves the right to conduct a compliance review at any time to confirm HUB eligibility. HUB certification may be suspended or revoked upon findings of ineligibility.

*Statewide HUB Program
 Statewide Procurement Division*

Note: In order for State agencies and institutions of higher education (universities) to be credited for utilizing this business as a HUB, they must award payment under the Certificate/VID Number identified above. Agencies, universities and prime contractors are encouraged to verify the company's HUB certification prior to issuing a notice of award by accessing the Internet (<https://mycpa.cpa.state.tx.us/tpasscmbsearch/index.jsp>) or by contacting the HUB Program at 512-463-5872 or toll-free in Texas at 1-888-863-5881.
