[Sean Joseph](#)

Principal Consultant - Yunifire, LLC

October 8, 2019

Thank you to [Betty Russo, PCED](#) from The Office Of The Governor, State of Texas for visiting the [Yunifire, LLC](#) office yesterday to discuss various topics concerning the Lone Star State and economic development as they relate to IT services and opportunities. One of the dreams and a passion for my company is to help fill the numerous amount of Software Development jobs that are being left open all over the state with qualified Texas residents, and to encourage more people to pursue education in STEM related fields.
